---

Hello Dennis,

Thank you for the schedule update. I am assuming the excavated soil be sent to PVT landfill, but please confirm that this is correct. I will touch base with you in the next week or so to see how things are going out at the site.

Also, thank you for providing the lab report for the 32 transformers at the site. To your knowledge, are these all the transformers that were identified at Kapalama Military Base?

Regards,  
Cynthia

Cynthia

Please find a lab report from PCS for 32 transformers at KMR. All were less than 10 ppm.

Here is tentative schedule for additional removal.

- Mobilization: 7/13/15
- additional soil removal and concrete: 7/14-7/16
- sampling: 7/17/15
- Soil trans and disposal: 7/17-7/31
- Site restoration: 7/27-7/28
